Career Summary

Dedicated Data Science postgraduate with a strong foundation in **Python, Machine Learning, SQL, Data Analytics, and Azure**. Experienced in Real-time Predictive ML systems with proven problem-solving and teamwork skills. Recognized for academic excellence and leadership with a keen interest in explore new technologies. Committed to contributing to organizational growth through innovation and collaboration.

EDUCATION

- **M.Sc Data Science** – Bishop Heber College, Trichy – **CGPA: 9.16** 2023–2025
- **B.Sc Mathematics** – Bharathiyar Arts and Science College, Salem – **CGPA: 9.0** 2020–2023
- **HSC** – Bharathiyar Girls Higher Secondary School, Salem – **Percentage: 75%** 2020
- **SSLC** – Bharathi Vidhya Mandir Matriculation School, Salem – **Percentage: 88%** 2018

Technical Skills

Key areas and Languages: Python, SQL, Data Analytics, Machine Learning

Python Modules: Pandas, Numpy, Scikit-learn

Data Analytics Tools: Tableau, Power BI

Machine Learning & Deep Learning: Supervised & Unsupervised Learning, Neural Network, RNN, Autoencoder, GAN

Cloud Platform: Microsoft Azure

Bigdata Tool: Hadoop

Soft Skills: Adaptability, Curiosity for Learning, Dedication, Teamwork, Leadership, Multitasking, Integrity, Problem-solving and Attention to Detail

PROJECTS

Advanced Fake and Real Job Prediction System - Ensemble ML, API Integration Jul 2024 – Apr 2025

- Developed an advanced machine learning system to classify job postings as fake or real using Ensemble Learning techniques (Random Forest, XGBoost, BiLSTM).
- Integrated external data through the Google Search API for enhanced verification and reliability. Increased job posting verification accuracy and trust.

Life Insurance Plan Prediction - Random Forest Classifier May – Jun 2024

- Worked on a real-time project involving data analysis and developed a Machine Learning model (Random Forest Classifier) for predicting suitable life insurance plans (Traditional or Term Plan). Helped improve decision-making for insurance companies through insights and accurate predictions.

Data Analytics on Employee Data (IBM HR Analytics) - Tableau Jan 2024

- Analyzed employee data to extract insights on attrition trends, job satisfaction, and department-wise performance. Data cleaning, EDA, and reporting were performed to identify key factors that influence employee retention and productivity.
- Built Tableau dashboards for visualization, aiding decision-making through data-driven insights.

Professional Experience

• **AI Developer (Intern) - Trio Devs - LLM & RAG** May–Aug 2024

Developed a user-friendly chatbot using Meta LLaMA and RAG for natural conversations and accurate responses. Improved response accuracy by integrating retrieval augmented generation (RAG) for context-based answers.

• **Machine Learning (Intern) - DLK Technologies - Supervised Learning** May–Jun 2024

Built a machine learning model to predict suitable life insurance plans (Traditional or Term Plan) based on customer attributes. Performed data analysis and followed the complete machine learning pipeline from preprocessing to evaluation.

CERTIFICATIONS

- Azure Fundamentals (AZ 900) – Score: 910/1000 – Microsoft Jun–Sep 2024
- Accenture Data Analytics and Visualization for Social Buzz Client – Forage – Accenture Sep 2024
- Big Data Analytics with Hadoop – LinkedIn Learning Apr 2024
- Machine Learning with Python – Coursera Dec 2023
- What is Data Science – IBM Coursera Oct 2023
- Introduction to Statistics – Swayam – NPTEL Jul–Sep 2023
- Data Analytics with Tableau – Naan Mudhalvan Jul 2023

Achievements

- Awarded 2nd Place in Data Analytics Competition – Dexter Fest'24, Bishop Heber College Dec 2024
- Awarded 1st Place for Academic Proficiency – II & III B.Sc Mathematics 2022–2023
- Awarded 2nd Place for Academic Proficiency – I B.Sc Mathematics 2020

Extra-Curricular Activities

- Technical Event Lead - National Level Technical Symposium, Bishop Heber College Feb 2025
- Student Mentor - Conducted ML sessions for Govt. Hr. Sec. School students Dec 2025
- NSS Volunteer - National Integration Camp, Odisha Dec 2021
